

CARD COUNT

©12-04-2007 Bill Collins

It seems they're up to their old tricks
Again they're putting in the fix
The union busters up to their old games

Although the law is stacked for them
They have to stack the deck again
They're dealing off the bottom just the same

CHORUS:

What do we want?

A card count, card count, card count!

What do we want?

A card count, card count, NOW!

The CEOs are getting paid
A thousand times what the workers made
If it's too much it never is enough

But if workers try to organize
To bring that pay gap down to size
The Labor Board makes that decision rough

CHORUS

But workers, though the board's a joke
Stay organized, don't give up hope
Don't let the union busters keep you down

Just keep the pressure on - some day
When honest work draws honest pay
We'll run the union busters out of town

CHORUS
