

HOLD THERE

©02/20/2008 Bill Collins

Don't give up your ground - No don't give up your ground
Don't let them take you down - And don't give up your ground

Don't give up an inch - No don't give up an inch
You've got em in a clinch - So don't give up an inch

CHORUS:

Hold the line lads and lassies *hold there*
Hold the line lads and lassies *ho-old there*
Stand up now! Tall and proud and shout your feelings loud
And hold the line lads and lassies *hold there*

Don't give up the fight - No don't give up the fight
For what you know is right - No don't give up the fight

Don't give up a yard - No don't give up a yard
Don't you drop your guard - And don't give up a yard

CHORUS

One! Hold On! - They're nearly on the run! Hold there.....
Two! Hey you! - You gotta stick like glue! Hold there.....
Three! You'll see! - They'll tuck their tails and flee! Hold there.....
Four! We score! - They're heading for the door! Hold there.....

Don't give up your ground - No don't give up your ground
Hold on for one more round - And don't give up your ground

Don't give up at all - No don't give up at all
Their castle's due to fall - So don't give up at all

CHORUS
