

OUT ON STRIKE

©03-07-2006 Bill Collins

Hey now everybody have you seen us on the news?
The Union we have made our stand to get what we are due
Right there on the T.V. screen - shouting, waving signs
Standing tall to have our say here on the picket line

CHORUS:

Out On Strike! On the picket line
We'll stay the course together here
Until we change their mind
Here We'll Stay! We're not going away!
We're the mighty Union
And we're going to win the day

Out here on the picket line there's men and women bold
Whether the sun is burning hot - whether the winter's cold
Standing up for dignity - fighting for our share
For our home and family - a contract that is fair

CHORUS

When you think about it then it doesn't make much sense
The Boss is getting richer at the working man's expense
We don't want a handout (No!) - we've earned all that we own
The working men and women - we're this Country's own backbone

CHORUS

Here We Stand! United and we're proud
We are the mighty Union
And we're going to say it loud!
Here We'll Stay! We're not going away!
We're the mighty Union
And we're going to win the day!

CHORUS
