

UNION TOWN

©02-29-2008 Bill Collins

CHORUS:

This here is a Union town - Spread the good news all around
Step right up - sit right down - This here is a Union town

A Union town for me and you
This town's Union through and through
Raise your head now don't be blue
A Union town for me and you

CHORUS

A Union town from street to street
A Union town where you make ends meet
A Union town that can't be beat
A Union town from street to street

CHORUS

A Union town that's here to stay
A Union town that means fair play
A Union town that's here today
A Union town that's here to stay

CHORUS

A Union town for one and all:
A Union town where you don't feel small
A Union town for the long haul
A Union town for one and all

CHORUS

We are well known in this town
We are well known all around
All fired up and throwing down
Stand `em up we'll knock `em down
